

Disassembling Panasonic GU87 Back cover

How to remove the back cover

Written By: Van

TOOLS:

- [Tri-point Y0 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- Place your hands on the phone as shown in picture. Slightly pull the tab away from the phone with your thumb.

Step 2

- Lift the battery up from the phone as shown. Replace with a new battery if the old battery has become worn out.

Step 3 — Back cover

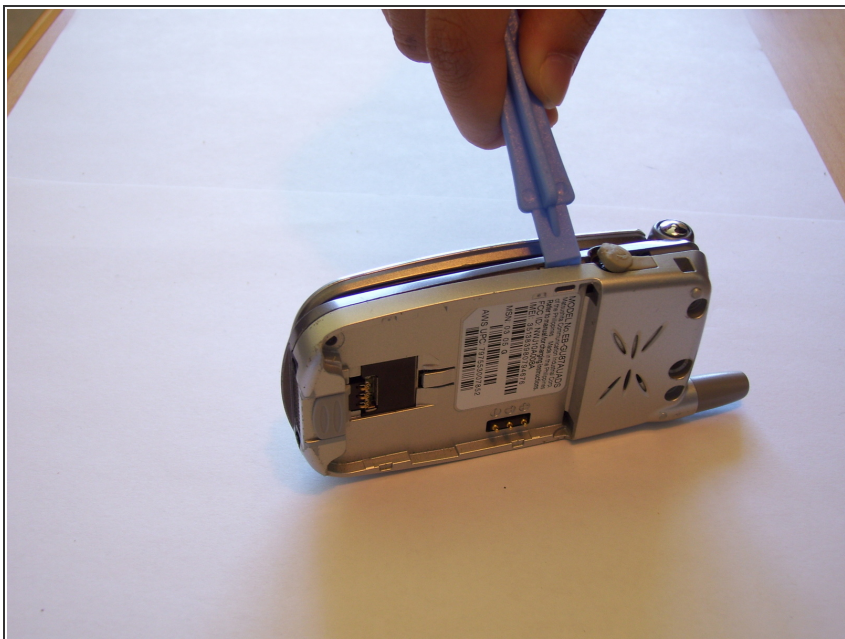

- Remove the rubbers with a tweezers.

Step 4

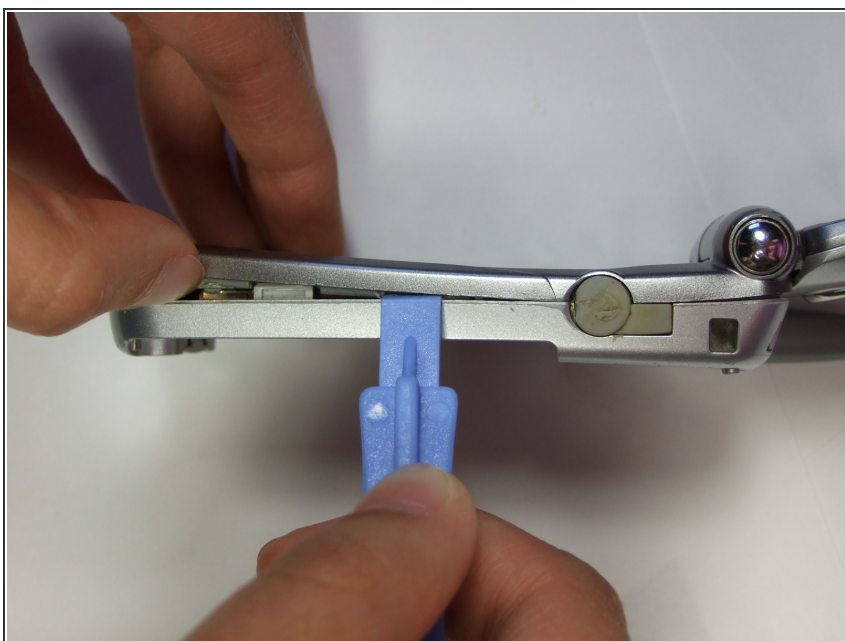

- Remove the 4 screws as shown in the picture

Step 5

- laid it on a side, use the tool to separate the front and back.

Step 6

- Put the tool in friction tabs and force down to open the cover as shown in the picture
- Pop it open using your thumbs

To reassemble your device, follow these instructions in reverse order.
